

Mr. Whitt is leader of technology support operations at Rimini Street, where he drives new innovation to both customers and internal operations to ensure the best use of technology for business needs. He holds the patent on Rimini Street's Smart Proxy product.

Mr. Whitt has more than 25 years of experience developing, supporting, and deploying systems in the enterprise software industry. Before joining Rimini Street in 2011, he held leadership positions at several industry-leading software companies, including web development and hosting company Big8Software, which he founded and operated, and Kadiri, an early leader in the HCM space.

Prior to that, Mr. Whitt worked at PeopleSoft, where he was technical services manager for the Midwest region, manager of the install/upgrade group in the Global Support Centre, and staff developer for the Alliance Solution Center, where he developed joint technical solutions with partners including IBM, Sun, and HP. He received PeopleSoft's Outstanding Contributor Award for personally leading installations for more than 30 customers.

Mr. Whitt holds a Masters of Engineering in Electrical Engineering from the University of Louisville in Kentucky.

**ABOUT RIMINI STREET, INC.**

Rimini Street is the leading independent provider of enterprise software support services. The company is redefining enterprise support services with an innovative, award-winning program that enables Oracle and SAP licensees to save up to 90 percent on total support costs over a decade, including saving 50 percent on their annual support fees. Clients can remain on their current software release without any required upgrades or migrations for at least 15 years after switching to Rimini Street. Hundreds of clients, including global, Fortune 500, midmarket, and public sector organizations from across a broad range of industries have selected Rimini Street as their trusted, independent support provider.
